

Round Lake Academy

The Round Lake Academy is a professional development database established to provide RLAS educators with worth while professional development in accordance with district initiatives, best practices and current needs. The academy will provide teachers with the tools they need to succeed in our district. It will also aid our teachers with their need to continue to grow and flourish in their craft.

The academy will provide classes, approved by the *Curriculum and Instruction Department*, taught by approved educators, in accordance with the Regional office of Education's guidelines for CPDU credit. The classes will be optional, held before or after school, at locations across the district and for all educators, K-12. The courses will be offered throughout the year, optimizing most convenient times for all teachers involved.

Benefits

The benefits of a program of this magnitude span the district, school, classroom and student. Not only are teachers provided with quality professional development, but their students receive a continued high standard of teaching excellence.

Specific benefits Include

- Increased level of teacher knowledge
- Continued support of teacher needs
- Higher levels of student achievement
- Collaboration
- Increased number of CPDU opportunities
- Internal Leadership development
- Internal support less costly than outside conferences/speakers
